Dear Mr. Uppal:

It was a pleasure meeting you on August 15, 2018 to follow up on the successful meeting we had earlier this year with OASIS and its Board of Directors.

I am very pleased that Ministry of Labour and OASIS have developed a framework partnership to meet and discuss important information. This partnership will result in better workplaces, improved clarity of MOL requirements for your members, and greater understanding and recognition of the leadership role of OASIS by the MOL.

The first success of this partnership is the MOL Construction Health and Safety Program review of the draft PSAI training manual and MOL contributing a chart on regulatory requirements for inclusion in the Ontario specific version of the training manual.

On behalf of the Ministry of Labour, I look forward to our continued achievements together,

Sincerely,
