

2022 OASIS Conference Sponsorship Package

About OASIS and OASIS Annual Conference

OASIS was established in 1991 to represent and support businesses in the septic, portable toilet and biosolid land application industry. We are dedicated to working with various levels of government, associations and those in related fields, to improve and conform to regulations and guidelines pertaining to the sustainability of the environment in the Province of Ontario.

The 2022 OASIS Annual Conference is a great opportunity for vendors, installers and exhibitors to showcase their new and innovative technologies to a large number of Septic Pumpers, Installers and Portable Toilet Suppliers. The OASIS Conference is a fast growing event with representation from various Ontario Government Ministries, international trainers and company decision makers, making it one of the most important events of the year to attend.

The 2022 OASIS Annual Conference will provide sponsors a chance to showcase their company profile, with ongoing exposure throughout the upcoming year.
