

2024 OASIS Conference & Trade Show Sponsorship Package

About OASIS and OASIS Conference & Trade Show

OASIS was established in 1991 to represent and support businesses in the septic, portable toilet and biosolid land application industry. We are dedicated to working with various levels of government, associations and those in related fields to improve and conform to regulations and guidelines pertaining to the sustainability of the environment in the Province of Ontario.

The OASIS Conference and Trade Show has grown to be the largest hauled sewage, septic and portable toilet conference in Ontario! With so many company decision makers in attendance, our event offers a great opportunity for businesses to showcase product lines and services to existing and potential clients.

You will also have an opportunity to speak directly to installers, inspectors, haulers, designers, manufacturers, educators, and members of the various Ministries that govern our industry, making it one of the most important events of the year to attend.

The support from our Sponsors and Exhibitors is greatly appreciated and many have had great outcomes with sales and ongoing clients.
